Howdy! I'm at the radio station right now. It's 1:07 AM here. Julie didn't have to the need to show up tonight so I'm here all by MYSELF! It's probably better because the show has turned out quite well Although I don't seem to have that same volume of energy that I usually get on the air. At least this way I can play the stuff I want to play - that means no VILE Led Zeppelin. Lots o' Billy Bragg + Talking Heads and yes even REM. It's a big fest I guess you could say.
